## Facility Loss Estimates & Latest Rating

Under Data Mining & Extracts > Fire Protection Engineering or Boiler & Machinery Engineering, there is new Data Extract entitled, **Facility Loss Estimates & Latest Rating**. This new grid/extract combines the Facility level Loss Estimates data with the latest Facility Rating record. This is available for both Fire and Boiler & Machinery.

For any questions or difficulties, please send a detailed email to [ITApplications@tuvsud.com](mailto:ITApplications@tuvsud.com).

The screenshot displays the GRC Connect web application interface. The browser address bar shows the URL: [https://grcconnecttest.globalriskconsultants.com/Connect/Home\\_297/Gauge/Default.aspx?sid=8aa8e57faae54b03af626e3af685f26f](https://grcconnecttest.globalriskconsultants.com/Connect/Home_297/Gauge/Default.aspx?sid=8aa8e57faae54b03af626e3af685f26f). The page header includes the Global Risk Consultants logo and a welcome message for Gary Kidney. The main navigation menu on the left lists various categories, with 'Data Mining & Extracts' expanded to show sub-options. The 'Facility Loss Estimates & Latest Rating' option is highlighted with a red box. The main content area features a banner for 'ABC Company (Demo)' and several service tiles: Fire Protection Engineering, Infrared Thermographic Surveys, Jurisdictional Boiler & Pressure Vessel Inspections, and Natural Hazards Analysis. A table at the bottom displays inspection statistics for these services.

Service	Inspections Due (original count)	Inspections Completed	Inspections Pending	Inspections Cancelled
Fire Protection Engineering	0	0	0	0
Infrared Thermographic Surveys	0	0	0	0
Jurisdictional Boiler & Pressure Vessel Inspections	0	0	0	0
Natural Hazards Analysis	0	0	0	0
